Essential Information

There are a few things that will hopefully not be needed, but if they are then we'd class them as essential.

wifi – The network is '[Casa Liñeiras_Guest](#)' and the password is '[casalineiras](#)'.

No Smoking – please do not smoke in the house. We can provide you with an ashtray to use outside on your patio, please ask.

Our mobiles - Amanda +34 608 14 37 98 or Paul +34 680 85 62 10.

Emergencies - Dial 112 for emergency services, or 061 for an ambulance. If you urgently need a phone, please shout us or knock on our door.

Doctor - There is a [doctor's surgery](#) in A Pontenova located on Rua San Briz. They can be contacted on 982 34 24 00.

Hospital - The nearest large hospital is [Lucas Augusti](#) 55km away in Lugo, however, there is a 24-hour [triage centre in Meira](#) (Rúa Rego de San Vicente), 23km away.

Chemist - A Pontenova has two pharmacies, one at either end of the town, neither are open 24 hours.

Dentist - There are dentists in A Pontenova, Vegadeo and Ribadeo. We use the [one in Vegadeo](#) and are very happy with them.

Departure Day – While we've loved having you stay with us, we'd ask that you leave by 11:00am on your day of departure.

Slightly Less Essential

Shops - A Pontenova has three small supermarkets (Atlantico, Gadis and Día) as well as a butchers, bread shop and several bars and restaurants. There are larger supermarkets in Ribadeo or Lugo (Alimerka, Eroski, Mercadona, Lidl, Carrefour). The butchers, Carnicería Cedeira, has good quality meat if you wish to have a barbeque and can provide you with the typical local products to have a Galician churrasco – beef or pork ribs, and chorizo criollo.

Petrol or Garage Services - There is a Repsol garage on the main road in A Pontenova who also undertake puncture repairs and supply new tyres, along with several other garages for any necessary vehicle repairs. Other nearby petrol stations are in Riotorto, Meira, Vegadeo or Ribadeo.

Local Market – These are held every Sunday morning and switch between A Pontenova and Meira. The one at Meira is much larger than A Pontenova. Ask and we can tell you which one is on during your stay. In summer, there is a small farmers market every Sunday morning in Ribadeo.

Eating and Drinking - In this area, when you order a coffee or a beer, it is typical they will bring you a little snack/tapa with your drink. It could be a piece of cake, tortilla, crisps, or ham. Sometimes they might ask you what you would like (for example in Balbina in A Pontenova). These are nearly always free of charge.

Sometimes they will bring it on a little plate and leave it on the table or sometimes it will be on a tray, and they will go round all the tables offering all customers a tapa. You just choose what you like the look of. It's usually free food but the tradition is you should take one tapa per drink you order. In some places, they will keep circulating with the tapas, and if they offer it to you, take one! (for example A Mina in A Pontenova)

And finally, the menu del día price includes starter, main course and dessert, including a drink of wine/beer/water and usually coffee after the meal.

Food - There are four restaurants in A Pontenova, [San Briz](#), [Lar de Balbina](#), [A Mina Sidreria](#) and the [Casa do Cultura](#) (snacks). They all serve traditional Galician/Asturian food typical for the area. [Casona de Labrada](#), between A Pontenova and Taramundi, also has a gastro restaurant which needs a reservation in advance. There are also bars at [La Esquina](#), [Roni Bar](#), [Bar Puente](#) and [Bar Barreiros](#).

A little further afield there are restaurants in Meira, Taramundi, Vegadeo and Ribadeo.

Useful Information

There are a few things that you need to know to help you during your stay. Please let us know if there is anything we have missed. We hope that you have a wonderful stay with us. If you need anything, or have any questions, or feel that something is not working as it should, then **please ask Paul or Amanda**, we are here to help. If we aren't in, then Amanda can be reached by phone or WhatsApp on +34 608 14 37 98.

Animals - We are surrounded by wild animals. In addition to many varieties of birds you may see; deer, hedgehogs, pine martin, wild boar, foxes, snakes, slow worms, bats, buzzards... and our friendly cat, Wilson. If he comes into your house, then please usher him outside, or ask us to help you. He is very friendly, but we can't vouch for the other wildlife. If you hear loud screeching during the day this will be a Jay, if you hear it at night, it will be an owl.

Beach Towels - There are beach towels in the house for you to use, please do not take the bathroom towels to the beach. If you have used the beach towels, then please make it clear that you have so that we can launder them.

Beanbag Dog - This is to prop the door open, should you wish, In Amencer he's called 'Bernie', in Solpor he is called 'Bertie'.

Bed Linen and Towels - If you are staying with us for more than 7 nights and would like us to change your bed linen and towels, then please let us know and we will do this for you.

Blankets - More blankets and throws are available, just ask.

Books - The novels in the house are there for you to enjoy. If you haven't finished one then please feel free to take it, perhaps leaving one you brought with you in its place. This only applies to novels, please do not take away any local guidebooks, leave these for the next guest to use.

Bread Oven – The yellow key opens the bread oven. This is available for use as a shared social space with us and the guests in the other cottage. Please feel free to use the space and lock the door when you've finished using it. The long cushions in here can be used on either the benches at the wooden table in the bread oven or outside on the granite table but please return them to the bread oven at night.

Check Out – We ask that you please check out by 11:00am on the day of your departure and that you leave the house as you found it. There is no need to strip the beds, it is easier for us to do this when we change the bed linen for the next guests.

Clothes Horse – There is a clothes horse behind the door in the upstairs bathroom.

Coasters and Table Mats - These are provided to prevent damage to wooden surfaces.

Coffee Maker - A mocha is provided. To use, simply unscrew, fill the base with water to the nozzle and the perforated section with ground coffee. Put on the hob and wait for all the water to transfer through the coffee and into the top section, then remove from the hob and enjoy. Please do not put the mocha in the dishwasher as this will damage it. Simply rinse in hot water and leave to drain.

Cutlery - We have hidden the cutlery in a secret drawer at the top of the set of two drawers nearest the oven.

Damage and Breakages - Accidents do happen. If something gets damaged, or breaks, or doesn't work like you think it should, then please tell us so that we can repair or replace.

Dishwasher - Dishwasher tablets are provided in a plastic tub under the sink, please ask for more if you run out. There are instructions on how to use the dishwasher in the drawer immediately under the sink.

Dustpan and Brush – These are located by the kitchen sink in Amencer, and next to the staircase in Solpor.

Electricity – This is rural Spain! The electricity supply can be unpredictable at times. In Solpor, there is a fuse box behind the wooden casing on the wall between the entrance door and the bottom of the stairs, in Amencer the fuse box is behind the entrance door. Please check to see if the main switch has tripped. If that doesn't work, please let us know.

Extractor – There is a push button under the right side of the extractor which will switch it on and put on the light. Twist the button to increase or decrease the air flow.

Fire Extinguisher – There is a powder fire extinguisher on the wall by the stairs.

First Aid Kit – There is a first aid kit under the sink. If you use any items, then please let us know so that we can replace them.

Fly Screens - This is the countryside and inevitably there are flies. The volume of these can vary from day to day. During the summer months there are fly screens on the doors and windows for your convenience, should you wish us to remove these then please ask. We do not suffer from mosquitos but the flies with a white abdomen can bite.

Hob Cleaning – Just a tip! Wait until it is cold before you try and clean it, wiping it when warm just makes it worse. There is some hob cleaner under the sink.

Hot water – This comes from the boiler room in the big house and therefore takes a little time to reach the hot water taps and showers. Please be patient.

Insects - This is the countryside. Occasionally you will see spiders, ants, or other bugs in the house. If you want help removing these, or the webs which they create, then please ask us. Leaving sugary items such as sugar, fruit or jam in your rubbish bag or out in the open may attract ants.

Language - If you'd like to practice your Spanish then we would be happy to help and chat to you in Spanish. Amanda is much more proficient than Paul, but if you'd like to talk in Spanish about building projects then Paul is adequately conversant.

Noise – Please be aware that you have neighbours in the other house. We have made every effort to soundproof the houses, but it is inevitable that loud noises can travel through the house.

Outside Lights - Your cottage has its own outside light; it is the switch closest to the door. If you are going out and expect to return after dark, then please leave this light on to help guide you back into your house. Elsewhere on the property the patio lights illuminate the house from dusk until around 1:00am, and there are several other lights around the property which work on motion sensors.

Parking – Feel free to park under the trees in front of the house. If everyone is considerate then there is easily space for three cars to park. Parking spaces are available to all guests on a first come, first served basis. If the car park is full, then please ask and we can find you somewhere else to leave your car.

Patio - We do our best to keep this swept and clean, but if you feel that you would like an extra sweep then please ask.

Patio table (Granite) - The shaded granite patio table is provided for guests to use, and we may sit there ourselves occasionally, it is a communal space. If you wish to eat at the table, then please feel free to do so. There are cushions for the granite table in the bread oven, please feel free to use them on either set of benches but return them to the bread oven last thing at night.

Patio Table (Wood) – Each house has its own patio table and chairs. The parasol is opened through a winding handle under the material. Please do not overextend. If it is windy, or at night, please close the parasol. If the weather forecast looks particularly poor, then we may cover the parasol to protect it.

Recycling of Glass – At the bottom of the road up to Casa Liñeiras there is a glass recycling bin, next to the bus stop.

Recycling of Plastic, Milk Cartons, Tins etc – There are plenty of yellow recycling bins as you pass through A Pontenova.

Rubbish – There is a large bin by the roads opposite the barn for general rubbish. It is emptied on every Tuesday or Wednesday. If you need more rubbish bags, then please ask us.

Safety – Although the houses and patio are finished, you will see that some areas of the property (away from the houses and patio) are still being developed and we would ask that for your own safety you do not go into these areas. Please do not climb on walls, fences, or trees as we will not be held responsible for injuries should these give way. Please do not enter any ruined structures, or the grain store, these are all unsafe. Some areas of the property have a drop off, please be very careful when walking in these areas.

Sewage – We use a septic tank as there is no mains sewage in the village. Please be careful what you flush down the toilet and if you can, please try to avoid pouring excessive amounts of oil/fat down the sink. Please do not use bleach in the toilet.

Toilet Rolls – If you would like more supplying during your stay then please just ask us.

TV/DVD/Blu-Ray - If you need help operating the TV then please ask, it is a Smart TV so you can use it to watch your own subscription TV if you have the username and password. There is a small selection of DVDs in your house, and we also have a range of DVD/BluRays available (mostly in English but some in Spanish) if you would like to find something to watch then please ask us. I am afraid that beyond your own subscription services we do not have access to British TV but it is possible (if a little complicated) to change the language feed on some non-Spanish programmes into English.

Vacuum Cleaner - We have a vacuum cleaner available for use, please ask us if you would like to borrow it.

Washing Machine/Dryer - We have a washing machine, dryer, ironing board and iron available for use by our guests, please ask and we will show you where it is and how to use it if required and give you a key so that you can access whenever you want.

Water Supply – Our water comes from a village tank which is fed by a spring in the hills 5km away. The water is safe to drink and goes through filters in the house. Please try to avoid excessive use as the water supply is shared with the rest of the village as we are not connected to the mains network.

Windows – The windows have shutters to close at night and can be opened inwards (turn handle 90 degrees) or opened on a tilt (turn handle 180 degrees). Please do not tilt windows with the shutters open.

Wood Burning Stove – In the winter, while we provide underfloor heating and radiators, which are thermostatically controlled, we appreciate that you may wish to use the wood burner in the living room. We can provide the wood for this and would be happy to show you how to light the fire and get the best from the stove. If you do use it, and would like us to clean the glass, then please let us know. A brush and metal bucket can be provided to remove any ash.

Outdoor Kitchen

The outdoor kitchen is there for you to enjoy. It comprises; large charcoal barbecue with cooking implements, gas burner and two pans, sink with hot water, seating areas, honesty bar and dartboard with darts. The area is shaded by the trees during the day and we try to keep it clean but if you find that you would like us to clean it before you use it then please let us know.

Please use the cutlery and crockery in the barbecue area and do not bring it from your apartment.

Barbecue - Please only use charcoal and not wood. We provide bags of charcoal and ask that if you use any then you replace it with a bag of similar quality and the same size. Alternatively we can give you a price to buy a bag from us which we would then replace.

If you need assistance using the barbecue then please ask. We ask that you clean all implements and the grill after use (or the following day) or a charge of €15 will be made for us to cover the cost of cleaning.

Gas Burner - Please ask us to turn on the butane for you, it is kept switched off for safety. The larger pan is for 6 portions, the smaller for 3. Please clean the pan and all implements after use (or the following day) or a charge of €10 will be made for us to cover the cost of cleaning.

Honesty Bar - Pay for what you drink

The instructions are on top of the beer fridge. Please wash, dry, and store any glasses after use.

Dart Board - Darts are provided along with chalk and a wet cloth for cleaning the scoreboard. If you would like to be shown some variations on games then just ask us. Wilson the cat likes to sit on the mat under the dartboard, please remove him before you throw any darts.

Local Activities

There are many local activities and places of interest, here are a few to get you started.

Beaches – We would recommend; Playa de las Catedrales (you need to [reserve a ticket](#) in the summer but it's free entry), Barreiros, Foz, Penarronda and Tapia de Casariego in neighbouring Asturias but there are many beautiful beaches along the north coast.

Please note that you can only access the beach at Playa de las Catedrales at low tide. Check the time of the low tide (bajamar) when you reserve your ticket. This is the moment the tide is at its lowest and from that time, the tide begins to turn and come in, so the best time to access the beach is about an hour or so before the low tide. The tide will fully cover the beach to the cliffs at full tide. There will be rock pools on the beach, and it may be necessary to walk through them, so a towel or even a change of clothes will be useful!

Chimneys – the five chimneys in the centre of A Pontenova are a reminder of the mining heritage of the town. The iron ore mines were the biggest in Galicia until the 1930's. You can walk around the chimneys and there's a good view from the top of Boulloso chimney near the swimming pool.

Cycle Hire – [Eo Activo](#) or from the Casa do Cultura in A Pontenova.

Fishing – Licenses available from A Banca in A Pontenova for river fishing.

Hiking/Walking/Trails – We can make some recommendations for local walks, some starting at Casa Liñeiras and others a short drive away. There are 7 signposted routes promoted by the Town Hall, there should be a leaflet in your cottage, ask us for one if there isn't. The shortest takes 35 minutes to complete, and the longest just under four hours.

Kayaking/canoeing – these activities are offered by [Tirolinas de Minas](#) in A Pontenova or by Eo Activo based in San Tirso de Abres.

Local Fiestas – These happen at the weekends throughout the summer in villages across the area, we'd be happy to provide details of any which take place during your stay.

[Local Swimming Pool](#) – Open in July and August with a minimal entrance charge. There is also a [natural sea pool](#) at Tapia de Casariego.

River Swimming – known locally as "[O pozo da ola](#)" is in the centre of A Pontenova. There is a grassed area with picnic tables and BBQ. The river is very shallow in parts with a deep section of water in front of the white building.

The Big Trout – As you use the road bridge over the river in A Pontenova you will see the largest trout in the world on your left-hand side. This was made in 2024 by local students learning to weld and was painted by a local graffiti artist and is a great photo opportunity.

Zip Wire and A Pontenova Mine Tour – a new activity focused on the town's mining heritage. You can enter the old Consuelo Mine and descend using the [zip wire](#) which follows the old route for transporting the iron ore down the mountain.

Places to Visit

There are many local activities and places of interest, here are a few to get you started.

We hope that you'll enjoy your time in the peace and quiet of Liñeiras but if you would like to venture out then we can recommend a few places to drive to. We'd be happy to chat through suggestions of what to do at each of these places.

[Taramundi](#), [Mazonovo](#) and [Teixois](#) (14km) – Small Celtic Hill fort, Knife factory, ethnographic museums well worth visiting, tourist shopping, bars and restaurants, views.

[Mondoñedo](#) (28km) – Cathedral, Festivals, Tarta del Rey, artisan shops.

[Foz](#) (37km) – Beaches, restaurants, Espazo Caritel (small private garden open for tours).

[Santa Eulalia de Oscos](#) (38km) – One of three Oscos villages and probably the prettiest. Could be combined with a trip to Taramundi. A couple of good restaurants and excellent views from La Garganta (27km) on the way there or back.

[Ribadeo](#) (38km) – Large supermarkets, shops, nice harbour, lots of bars and restaurants to choose from. You can also find the FEVE train station here with trains along the coast to the East and West, check the timetables to make sure that you can get back from wherever you are going as there are not many services each day. Very picturesque.

[Rinlo](#) (43km) – Cliff top walks, restaurants and bars, maze, beaches.

[Tapia de Casariego](#) (47km) – Harbour, surfing beach, restaurants and bars, lighthouse.

[Lugo](#) (58km) – Roman walled city, artisan shops, bars and restaurants, Roman baths.

Castro de Coana (67km) – Iron Age Hill Fort and Museum with a small entry charge.

Viveiro (73km) – Stop at Sargadelos to visit the ceramic factory at Cervo.

Luarca (80km) – A nice small port town with a lovely harbour area containing many bars and restaurants.

A Coruña (140km) – Torre de Hercules, Estrella Galicia Tour, Port, Old streets, Shopping centres, bars and restaurants, Praza de Maria Pita.

Santiago de Compostela (160km) – Cathedral, Camino de Santiago, ancient streets, bars and restaurants, parks and gardens, museum of Galicia, tourist shopping, tourist road train, Pilgrims.

Oviedo (168km) – Woody Allen's favourite City in the World. Cultural centre, cathedral, shopping, great bars and restaurants including Calle Gascona for the famous cider pouring and tapas.
